

# Join Operation Santa!!!

Operation Santa is a program being executed through local Mary Kay Cosmetics Consultants to provide holiday gifts for our military troops. Many people have been touched by this program already, and have even written expressing their gratitude and asking that we send more because there are more soldiers who need it! Our 2012 unit goal is to provide gifts for 500 soldiers, and my personal goal is to provide gifts for 200 soldiers!

You as a business or individual can help by purchasing gifts that will be mailed to the soldiers through the Marine Corps Family Foundation. Information on the various sets available is included in the attached flier. Sales tax and shipping is included in the price

for each gift. Because this is a charity program, you will notice that the prices have been deeply discounted to maximize the value of the gifts being sent to our Troops. Also included is information on our Beauty That Counts program, which helps raise funds to fight domestic violence and find treatments for cancers that affect women.

In order to ensure that the Santa gifts arrive overseas before Christmas, our **deadline is November 30, 2012**. This will give us the necessary time to wrap and ship the gifts.

Is there any reason you can't help us with this great program?
